Print Copies of the CPSA Magazine

- U.S. and Canada: Print copies of our magazine, *To The Point*[®] (TTP), are mailed by bulk mail, providing your dues were paid prior to the 1st of May and November. The USPS does **not** forward bulk mail, so make other arrangements if you'll be away in May or November.
- Other Countries: The "digital TTP" option allows you to download a digital copy from the members-only portal.

CPSA Directory Listings

The members-only CPSA directory lists the name, city, and state or country of all current members. It includes **only** the email address in the "Email for Directory" field below. Leaving it blank makes it difficult for other members to contact you and for our corporate members to send you special offers.

CPSA **prohibits** promotional use of member information without authorization from the CPSA president or founder.

NOTE: If you MOVE or have further questions, contact the membership director at membership@cpsa.org or the address below.
